REPORTS.

REPORT ON AUTAUGAVILLE CHURCH.

We, your committee appointed to examine the work, believe that this Association is justly due J. D. Apperson four dollars for the extra work done.

Respectfully,

J. M. SMOKE,
H. E. WALLACE,
W. W. CAFFEY.

REPORT ON AGED AND INFIRM MINISTERS.

Your committee report that we find no indigent ministers in our bounds, except C. C. Billingsley and A. G. Patrick, who have been frequently reported to the Association, and for whom nothing has been done.

Respectfully submitted,

J. M. SMOKE, Chairman.

REPORT ON ORPHAN'S HOME.

This institution is located at Evergreen, and now owns property that is worth six thousand dollars; but while the property is paid for, it must be remembered that this is not all that is needful. While the orphans have shelter they must have food, and it is a fact that the children eat, drink and wear clothes just like other children. So food and clothes must be provided for them.

Into this home have been received 29 boys and 31 girls, and out of it have gone by adoption 10 boys and 14 girls, and by apprenticeship 2 boys. The girls are never apprenticed.

Most of the children attend literary school, and all of them Sunday-school and church. Eight of them have made profession of faith in Jesus and have been baptized.

There are more applications than there is room, and the Home is in pressing need of a cook room, a laundry room and a dining room; and since there has been some serious sickness in the home, a sick room has been found very essential. Will not our Association do something toward this work—each church pledging some amount that will be paid between now and Christmas, so that much needed repairs and this new work contemplated may be done before the winter sets in. Brethren, these children are God's charge placed upon us. They must be clothed and fed. The Lord has said, "The poor ye have always with you," and has also said, "He that giveth to the poor lendeth to the Lord." Brethren, let us give, and give now, giving liberally.

Respectfully,

W. J. RUDDICK.

REPORT ON ENTERPRISE CHURCH.

The committee appointed by this Association to visit and investigate the difficulty in the Enterprise church, beg to report that Bro. J. G. Lowery and J. M. Smoke visited the church and investigated both sides of the trouble. They report that they have decided that the J. E. White party is the church at Enterprise, and Eld. T. E. Taylor stands as an excluded member of said church.

The fact presents itself very forcibly to your committee that J. E. White has made four attempts at reconciliation, and has as many times been repulsed.

Your committee recommend that the matter be again referred to a committee consisting of three wise and prudent brethren for final investigation, and that they report at this session.

Respectfully submitted,

J. M. SMOKE,
J. G. LOWERY,
W. J. RUDDICK.

ENTERPRISE, NO. 2.

We, your committee, beg leave to say that we have carefully examined the former report, and recommend that Bro. J. E. White and his party be recognized as THE church at Enterprise, and that their letter be received by this Association and their delegates be allowed seats with us.

Respectfully,

F. M. WOODS,
MOSES ROBINSON,
J. G. GAY,
Committee.

REPORT ON STATE MISSIONS.

Twenty-one years ago this board was inaugurated in Huntsville, and a year later made its first annual report to the Baptist State Convention.

During the past twenty-one years over \$148,885 have been collected and expended in State Mission work by the board, and during that time the board raised for all purposes over \$300,000; about 225 Baptist churches have been organized, over 11,000 converts have been baptized, 2,000 Sunday-schools have been organized, 175 Womans' Missionary Societies have been established, and more young ministers have been educated than in years prior to its existence.

The board not only gathers her own special interests under her wings, but those of Home and Foreign Missions, as well as the evangelization of the colored people, indigent ministers and the education of young ministers, together with much other work. The board has extended her wings until she has had under them, at times, nearly every cause nurtured by the Baptists of the State.

The work of the Secretary and his assistants for the past year has been progressive. The results achieved have been gratifying. The board has now only two evangelists. Rev. A. E. Burns labors in a part of North Alabama, and Rev. S. O. Y. Ray is at work in South and Southeast Alabama. The State Convention authorized the board to appoint four more evangelists, but it has not felt assured that they would be supported.

We recommend that our pastors in their ministrations urge more frequently upon their congregations systematic contributions to the cause of missions.

Respectfully submitted,

W. J. ELLIOTT, Chairman.

REPORT ON HOME MISSIONS.

In presenting the claims of the Home Mission Board to the attention of this body, no new aspirant knocks at the door seeking your sympathy, but it is the face of a familiar friend coming with "the

old, old story" inviting your co-operation with, and support for, a cause that should be dear to all our hearts.

For many years this board has been engaged in arduous labors to build up the waste places in our loved Southern Zion, and seeking to interest the Baptist brotherhood more deeply in the sad destitution lying at our very doors, and urging them to greater fidelity in discharging the obligations God has laid on them to rescue the perishing by whom they are surrounded. Not only our religious growth and development is involved in the faithful prosecution of this cause, but the well being of the generations that are to follow will be affected, and the prosperity of our Redeemer's kingdom will be advanced or retarded by our action.

Would that we could be properly impressed with the magnitude of this work, and the momentous interests that hinge upon our conduct. Then we would not only pray, "Let thy kingdom come," but with fervent zeal work for such consummation.

In a recent article by the Secretary of the board, Dr. I. T. Tichenor, he says: "The work of our Home Mission Board, under the Divine blessing, has grown into proportions gratifying to our people, and promising us the happiest results in the future. During the last five years the number of missionaries in its employ has averaged about four hundred. The result of their labors has been most inspiring. In that time they have baptized more than twenty thousand believers, constituted more than a thousand churches, organized twice that number of Sunday-schools, and erected more than five hundred houses of worship; and under the trying conditions of the country, the work of the board is going forward with the most gratifying success. In Cuba a temporary depression is being experienced because of the enforced absence of the pastors in consequence of the war now going on in that island, but the work is still being carried on by godly women and the brethren who are permitted to remain in Havana.

From every department of the home work glad tidings come up of the Divine blessing attending the work of our brethren and making them the power of God unto salvation. Let us beware, lest in these troublous times, while so many things are pressing upon our attention, we be forgetful of our mission work and withhold the needed aid. Let us remember that whatever betides our country or serves the Lord's work must go forward, and while it is true the times demand the strictest economy, do not let this retrenchment begin at the house of God, but let us freely, cheerfully and joyfully contribute of the means which our Heavenly Father has bestowed on us to foster and build up his kingdom in the world.

Respectfully submitted,

H. W. CAFFEY, Chairman.

REPORT ON FOREIGN MISSIONS.

In our conception of missionary enterprise as taught in the Word of God, it is a difficult matter to draw the line between Home and Foreign Missions. If there is taught in the Bible the duty to send the gospel anywhere, there can no point be found at which it should stop. The whole world is the field, and we believe that the Baptist churches should send the gospel to every part of this field, and thank God that he thus allows us to labor for "Him that loved us." In order that we may have intelligent conception of the work of Foreign Missions, we beg to append part of the report of the Committee on Foreign Missions at our last State Convention, as follows:

"Our Papal Missions embrace Italy, Brazil and Mexico. Bro. Tay-

lor's latest report of the work in Italy indicates considerable progress in one or another direction. Number of baptisms, 38; members, 372. While obstacles are great where Romanism has reigned for ages, and while our missionaries have many seasons of grief, they also have times of rejoicing. Wide seed-sowing is being done in Italy, and the time of harvest will surely come. Bro. Eager says: 'In looking back over the year, we feel that we have reason to thank God and take courage.'

"In spite of the war in Brazil, which greatly disturbed the work there, we have much for which we can praise God. Baptisms, 159; members, 519.

"In Mexico, a comparatively large force of missionaries under the direction of Bro. W. D. Powell, are earnestly at work. The year has been one of great blessings on this field. These statistics are full of interest and encouragement:

Number of churches.....	37
out stations.....	14
baptisms.....	277
members.....	1,163
Sunday-schools.....	23
scholars.....	375
Contributed to Foreign Missions.....	\$ 311 75
Home Missions.....	519 50
other purposes.....	1,737 27

"Our Pagan Missions are located in Japan, Africa and China.

"In Japan, Bro. McCollum (our McCollum), Mrs. McCollum and Bro. E. N. Walne and Mrs. Walne, with four native assistants, constitute our force in this great empire. The work was begun in 1889. One church and six stations; baptisms, 9; members, 31. Bro. McCollum writes: 'The seeds sown have hardly had time to bear fruit, but there is much in the work to encourage us. I ask you to say to the brethren of the South that we do not plead for houses for ourselves, nor for school buildings, nor for church buildings; but we do plead for men—men to help us preach the gospel to nine million heathen at our doors.'

"In Africa we have 9 missionaries, 7 assistants, 5 churches, 166 members, 24 baptisms; contributions, \$123.50. Bro. Newton says: 'The Lord is greatly blessing our work. To his name be all honor and praise. Pray for us that we may be full of the Spirit and power to succeed in saving souls.'

"The China Missions are divided into three: Northern, Central and Southern. Bro. Pruitt, of Northern China, says: 'God has blessed us, and we give thanks to his holy name.' One has said of Central China: 'We feel that God has not withheld his blessings from us.' Of Southern China it may be truly said: 'The Lord is with us—his cause is advancing.' In the China Missions—churches, 13; baptisms, 222; membership, 1,066.

"Alabama Baptists contributed to Foreign Missions for the year ending April 30, 1894, \$7,047.68—a fraction over 7 cents per member. In addition to the above, it is pleasant to note that Women's Mission Societies contributed \$1,170.00."

In this time of great depression, God is greatly blessing our work in all fields with thankful hearts and usual hopes. Let us turn our faces to the future, lifting our eyes and hearts to God. Let us join our brethren hand in hand, saying as we press forward, "Blessed be the Lord God, the God of Israel, who only doeth wondrous things; and

Blessed be his glorious name forever, and let the whole earth be filled with his glory.

Respectfully submitted,

F. M. WOODS.

REPORT ON TEMPERANCE.

The Bible, our guide, teaches us to be temperate in all things, and that no drunkard shall inherit the kingdom of heaven.

We are glad to report rapid growth of public sentiment in favor of the great cause of temperance. The question of legal interference has been settled, and the great good resulting from the prohibition of the sale of intoxicants is clearly seen in every community where it prevails. Prosperity and quiet now reign where reveling and disorder ruled the hour. Much yet remains to be done. The field is inviting; the masses are awakening to the great good there is in this movement. Let all Christians unite, and by earnest prayer, faithful labor and consistent example, hasten the glorious day of deliverance. Let us see that Bible teaching on this subject is taught and enforced.

As a denomination, we should not be satisfied until the entire land is covered by prohibitory laws, and the last drunkard won from his cups. With God's blessings success will crown our efforts. Let us labor and pray for these ends and success will crown our efforts.

Respectfully submitted,

W. L. JONES.

TEMPERANCE.

"The word itself is the Pharisee of grammar, the arch hypocrite of the vocabulary of this reform, the blood-guiltiest common noun in the language, a quagmire of definition not to be trusted by the foot of reason, or crossed by any but an empty vehicle of thought.

"What is Temperance? A claret cup, a drop of sherry, a glass of ale, a pint of wine, a schooner of beer, a bottle of whiskey, a shameful night, a blank day, debt, poverty, dishonor, disease, despair, delirium, death."

The cost to the people annually is, in round numbers—

Foreign Missions	\$ 5,000,000
All church expenses	150,000,000
Public education	175,000,000
Flour	370,000,000
Tobacco	525,000,000
Sawed lumber	530,000,000
Iron and steel	600,000,000
Meat	915,000,000
Liquor	1,000,000,000

This nation's waste for one national vice is more than the total money available for circulation, twice as much as the total amount in the national treasury, five times as much as the total yearly expenditures of the government, more than four times as much as the combined gold and silver product of the world for 1893, more than would pay the interest on our vast public and private debts, and sixteen times as much as the combined output of our gold and silver for 1895.

It costs every year more than our whole civil service; our army; our navy; our Congress, including the river, harbor and pension bills; our wasteful local government, and all national, State, county and local debts; besides all the schools in the country; in fact, this country pays

more for liquor than for every function of every kind of government.

In 1895 the government paid to the liquor traffic—\$1,883,877,549
It received from the liquor traffic----- 136,289,700

Balance paid to the liquor traffic-----\$1,747,587,849

Let us notice some results: In 1872 our people drank eight gallons per capita; in 1894, eighteen gallons per capita; and as a necessary result of this—

Direct waste in drink-----	\$1,500,000,000
Labor wasted because of drink-----	720,000,000
Estimated expense, caused by crime due to drink-----	225,000,000
“ “ “ “ Insanity due to drink-----	25,000,000
“ “ “ “ Pauperism due to drink--	50,000,000
“ “ “ “ Sickness due to drink---	200,000,000
Total waste-----	\$2,720,000,000
Deduct total revenue-----	174,000,000

Yearly balance against the business-----\$2,546,000,000

And in addition to this, 60,000 of these miserable victims go down to a drunkard's grave and drunkard's hell every year; and further, it is true that 1,000,000 besotted wretches are staggering out into the blackest night at the rate of 120,000 per year, and that the recruiting stations of death are laying hands on one bright boy from each fifth home every year to keep this army of the lost full at the rate of sixty thousand a year.

This ruthless and insatiable destroyer has sent to the grave and to hell the enormous sum of one hundred and eighty million souls since 1866, more than was slain during the four years of bloody war.

If Satan, by proclamation, were to reassemble the famous Council of Pandemonia, where all the thrones, principalities and powers of hell met in convention, to commission and dispatch a demon to earth best qualified to arrest the progress of civilization, to paralyze the arm of philanthropy, to retard the wheels of the chariot of the gospel of the Son of God, to blight the tearful hopes of the fond mother's heart, and to blast with the mildew of death the aspirations of youth, to turn widows and orphans homeless and friendless out to die, to debauch manhood and prostitute womanhood, to bring grey-haired fathers and mothers, broken-hearted, down to untimely graves; to spread its black wings, like the pall of death, over once happy but now miserable homes; and to swell the population of their own dreadful domain, they could not have sent a more potent fiend to carry on and consummate every item in this black inventory than the hideous monster, **INTEMPERANCE.**

His successes have met hell's most sanguine hopes. This moment he has millions of our fellow-creatures chained to his burning car, and with wheels rolling in blood and tears, circumvolving upon their axis like lightning down the slippery highway of death, he is dragging them to the drunkard's dreadful home.

Sixty thousand of these miserable victims madly rush over the boundary of human probation into the yawning pit annually in this country. The red flag of death floats out from the top of two hundred and forty thousand legalized barrooms. This hydra-headed monster of iniquity stalks abroad through the land. Its heads are multiplied, so there is a crowned head with poisonous fangs, flashing eyes, forked

tongues and deadly breath for almost every city, village, town and neighborhood in the land.

Often has he been attacked by sainted philanthropists of earth, and as often have they failed; for when their glittering sabers descended, and a head bit the dust,—marvellous power of reproduction!—another, with two-fold fury, reared its dreadful crest and bid defiance to all human effort.

Such a monster is at our very feet, his scaly trunk upreared and his withering necks and hissing heads are oscillating and striking all around us and bleeding at every pore, the insinuating poison of death coursing every vein of the body, searing every fibre of the soul! We are dying as a nation, and the hosts of the dead and dying are the ghastly evidence of the fact. He holds in his iron paw the heart of this nation!

Washington, D. C., supports hundreds of dens for this foe of mankind, at whose shrines Senators and Congressmen offer their devotion, pay their homage, and upon whose altars thousands of young men and blushing maidens are sacrificed annually.

It is slowly but surely destroying the three things upon which the foundation of this government rests—the church, the school, and the home. When these are gone we may dig the grave of our own republic, for the corpse will be ready.

The saloon is the chief and most audacious law-breaker of the age. It is the arch destroyer of all that is dear to man. It is sleepless, relentless, insatiable and a mighty giant.

Four million of Protestant church members quake and tremble at the mention of his name. The authority and power of the law lies broken and dismantled at his feet. The aggregated tears, sobs, groans, dying wails, bitter cursing and agonizing screams of his numberless victims, (which is almost sufficient to crack the azure vault of heaven, cause angels to weep and move God's arm to pity) is not enough to break the stupor, remove the fog cast by political tricksters and partisan demagogues over the minds of the American people.

They cry Party! Party!! Good Money! Bad Money! and quarrel and fight and kill each other, while they and their children are held in the snakey coils of this hell-born serpent.

If the church of the Lord Jesus Christ would rise up in the strength which God supplies and crush this demon, and take the two billion dollars lavished upon this idol of the American people annually and turn it into legitimate currents of trade, in five years this great country would flourish as a green bay tree.

Such a thing as Coxy's Army would never be heard of again, strikes among the laboring class would be a thing of the past, the wail of hard times would die to rise no more, and the finance of the country, whether free silver or gold standard, would adjust itself to the rising tide of prosperity that would necessarily sweep over a nation of sober, Christian people, "whose God is the Lord"

May the Holy Spirit wake up the Christians of this great country to the facts, and help them to be honest with and true to their fellow-men, their wives, their children, and loyal to God.

REPORT ON SUNDAY SCHOOL CONVENTION.

We, your committee on Sunday School Convention, recommend that the district meetings be instructed to formulate their programs so as to embrace the Sunday School work, for the following reasons:

1st. Four district meetings and four conventions would be impracticable.

2d. The Sunday-school work should become a part of the business of the district meeting.

We recommend that a pastor's conference be held the day prior to the convening of each district meeting. All pastors in the association are earnestly requested to attend.

Respectfully submitted,

F. M. WOODS, Chairman.

REPORT ON PERIODICALS.

We, your committee, report that there is a large majority of our people who are not trying to inform themselves; especially along the line of Christian duty and progress, as there are so few who take our denominational paper, the Alabama Baptist. It is published for the information of the Baptists of Alabama, and it is surprising that so few of them subscribe for it; and there are some who subscribe for it who never read it.

We find in very many homes other kinds of reading, political papers, story papers, and often novels; very frequently the most miserable trash, enough to make any reasonable person blush. The influence of such literature and publications is demoralizing, and our people should do all in their power to prevent its circulation.

No wonder our Baptist hosts are ignorant of our denominational work, when our own papers are unread. We recommend the Alabama Baptist, The "Foreign Mission Journal" and the literature of the Sunday School Board of the Southern Baptist Convention.

Respectfully submitted,

J. M. SMOKE.

REPORT ON MINISTERIAL EDUCATION.

Your committee beg to report, That our support to ministerial education is not sufficient for the demands. That the Unity Association contributes only about \$78.00 a year for this all important cause, and we urge upon it to raise a larger fund for this purpose the coming year, so that when God calls our young men from the lower walks of life into his service, we will be ready to aid them in their development.

Respectfully submitted,

W. H. BURNS, Chairman.

REPORT ON EDUCATION.

This subject, like many others, is one that should touch at every point the long line of our great Baptist brotherhood. We do not claim that denominational education is the foundation stone of our churches; but we do claim that it is one of the constituent parts of the foundation, upon which all the interests of the denomination are supported. Education is no part of the religion established by the Lord Jesus Christ, and indeed never can be, but the religion of Christ can, and should make education subserve its purposes.

In view of this idea we have built our denominational Colleges. The corner-stones of these schools for the training of our girls and boys were laid in faith in God, and were consecrated with the tears and prayers of a devoted and loving people. It is in the denominational school alone that the best standard of morals can be set up, for in no other can the doctrines of Jesus Christ be taught as a guide. Are we not correct in saying that the majority of the most proficient workers in Sunday-schools and in missions, at home and abroad, in the pulpit

and in the pew, were educated in denominational schools?

For our sons we have our own beloved Howard at East Lake, which is equal to any other educational institution in the State. To prove this we refer you to her sons who have gone out into the world, therefore it has the right to ask, and good reasons to expect the support of the denomination in Alabama.

The Judson, for our daughters, has a history of which we should be proud. The proficient work in the class room, and the Christian influence at all times of which her students are the recipients, are sufficient reasons why any Baptist who desires the best educational advantages for his daughter should patronize his own denominational school.

It is with sadness of heart that we chronicle the death of our beloved Dr. Averett, who for a number of years has served us so well; but at the same time we with pleasure announce that the school has opened auspiciously with Rev. R. G. Patrick at its head.

In order to approximate if not attain to the highest standard of moral as well as mental culture, the Howard and the Judson have adopted the Bible as a text book. For the above mentioned reasons, as well as many others, your committee most heartily recommends denominational education.

Respectfully submitted,

J. H. LONGCRIER, Chairman.

REPORT ON BIBLE SCHOOLS.

Your committee beg leave to submit the following report:

We consider this one of the most important subjects claiming the attention of this Association. The Sunday-school affords one of the best facilities for instructing and shaping the lives of the young and preparing them for usefulness in our church work.

Here the teacher comes in personal contact with the children while their hearts are easily impressed, and offers to him one of the best opportunities to lead the young souls to Christ. It also gives a splendid opportunity for teaching the pure doctrine of God's Word.

We note with pleasure the interest manifested in this work, and yet there remains much to be done. We should never be satisfied until every church in our Association has an evergreen Sunday-school.

The Sunday-school Convention, held with the Mulberry church, though not very largely attended, was a meeting of considerable interest.

We would recommend that a Sunday-school Convention be held in our Association each year, and we urge upon all of our churches to send delegates, with statistics of their Sunday-schools, to these conventions, as one of the best means of fostering and increasing the interest in our Sunday-school work.

The importance of the study of God's Word cannot be over-estimated. Christ, our Lord, has said, "Search the Scriptures." God says, "Teach them to your children." The Holy Spirit says, "They will make you wise unto salvation."

In connection with the Word of God, we would recommend the Sunday-school literature published by our Sunday-school Board of the Southern Baptist Convention.

W. I. MULLINS, Chairman.
